m, saying the

aluated ongoing

"The announcements for new projects that I have made today amount to a total of €70.5 million. Therefore, Larnaca cannot be considered, as some claim, the poor relation," the president said.

He said Larnaca district was is high on the government's priorities, and the projects which have already been implemented in recent years and the large developments that have been planned will "give Larnaca the character we all want".

He said Larnaca district was is high on the government's priorities, and the projects which have already been implemented in recent years and the large developments that have been planned will "give Larnaca the character we all want".

Anastasiades announced, inter alia, the third phase of the Larnaca to Dhekelia road, totalling €20m, excluding the cost of expropriations. This phase covers a total area of 3.8 kilometres. It starts from the Larnaca nautical club and ends at the roundabout to Pyla.

NEW LARNAKA SHOPPING MALL

WITH OVER 100 SHOPS, SET FOR 2018 OPENING

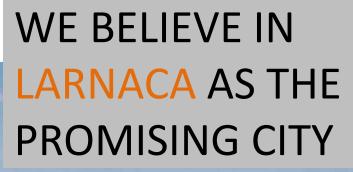

The company claims that the new mall promises "to become the shopping and lifestyle destination of choice in Cyprus. With over 100 shops and 1,400 parking bays, it will be home to all the leading international and local fashion brands and the ultimate shopping and leisure destination for groceries, fashion, home ware, shoes, accessories, services, restaurants and entertainment."
